

High Education Group by AEHT comes back with a new model of Seminar

The 2019 Seminar, named “**Enhancing training methodologies through The use of Simulators and gamification**” was held in Oporto, Portugal from the 9th to the 12th may and gathered 22 participants from 13 different schools associated to AEHT!

During the two working days, participants assisted to a conference presented by Professor Carlos Vaz de Carvalho, an expert in games and serious games, Director at Virtual Campus Lda., during which they were exposed to a different approach to the use of this tools and solutions as training and educational working elements. They also got involved in a Hotel Management Simulation game by CESIM, an AEHT partner, and shared their point of view and opinions in a fruitful and remarkable ambiance.

Simultaneously, participants had the opportunity to taste local and Portuguese cuisine as well as to visit the Escola de Hotelaria e Turismo do Porto, where the Seminar was held, and the beautiful city of Porto, in a tour guided by students from the local school.

The seminar was organised by the two responsible for the HEGroup, Paulo Morais Vaz and Rui Santos, and counted with the presence of Nuria Montmany member of AEHT Presidium.
